Dignity Prayer Bulletin September 2009

Pray, Make a Difference...

Pray for the future of Life!

The Life! Initiative is a 3 pronged evangelistic and community transformation work. The main aim is for those in rural Africa to take hold of their calling and gifting to enable change in their own villages. We really believe that this is God's calling for our work and we have seen him open doors into two new areas this year.

This prayer letter is being written from Mkushi, the site of one of the fledgling initiatives this year. In the last five weeks we have seen God open doors into the area, and allow us to work with some really great people in the villages. We've shown the Jesus film in various villages and we've spent time helping some of the Christians understand what things could look like for themselves. As a result, there has been a fantastic response and people in the communities are excited.

Last weekend saw us travel to Nchelenge and visit the work that Cornelius Chalwe is doing. He has gathered together a small team, and has gathered people from over 30 villages in what is a poor and remote area. Jo has also been in Chingola helping the thoughts of an existing team deepen and for the work to expand.

This work will grow. Pray with us to ensure that it does and becomes everything it should do.

- Pray for the villagers whom God is calling to take part in this work. Pray for their families and provision. Pray also that as their understanding grows, so would their vision. Pray that their giftings would be released in the power of Jesus. We believe this is the key to seeing change.
- Pray that we will be given wisdom as to how best support and work with the various areas. We need people within Zambia who will work with us.
- Pray for the work of the Jesus film. We've seen many respond to Christ and a general understanding of the life of Jesus be developed in those in the villages.
- Pray that as new village and community groups begin, that they would begin in the right way, with faith.
- Pray against the strongholds of dependency and poverty in the villages. Pray instead that hope and belief will be present instead.
- Pray for the developing teams in Mkushi and Nchelenge that the correct people will take the work forward.
- For the team in Chingola as they grow.
