

Bible Reecycle

Many of us have a spare Bible sitting on a shelf, gathering dust. This is your opportunity to send your spare Bible off on an adventure and give it a new life, much more exciting than sitting on your shelf!

Dignity works in the rural areas of Zambia and surrounding countries. For many people there, getting hold of Bibles is a real challenge. Whilst Bibles can be bought in the big cities, many are unable to travel to the cities due to the cost of doing so. As part of our work, we want to make Bibles available to those who previously haven't been able to get one.

We take second hand Bibles out to rural areas in which we work and distribute them through our networks there. We are looking for modern English translations (for example NIV, NKJV, GN, NESV) that are in good condition. We are not currently looking for Bible study notes. Generally we sell the Bibles on at a small and affordable rate to encourage ownership and avoid creating dependency, a mind-set that holds many people back. For those who genuinely cannot afford to buy a Bible, we do waive the fee. Any money that is raised through the sale of Bibles is immediately invested back into our work within Zambian communities or used to buy local language Bibles.

You can deliver or send Bibles to our UK office at Dignity, 6 Barlow Moor Road, Didsbury, Manchester, M20 6TR. If you would like to arrange a time to deliver some Bibles or have any queries, please call us on 0161 434 8841 or email Gill Berrisford on admin@dignityonline.org.uk

If you don't have any Bibles but would still like to help supply Bibles to those without, contributions towards our work, which includes the cost of shipping Bibles or buying local language Bibles are always welcome. Please contact us on the details above for further information.

About Dignity

We believe that true change happens when people meet Jesus. Communities and lives are changed when people come face to face with the Gospel and it works on their hearts. We know this is true because we are seeing the results of people meeting Jesus. Those we work amongst are doing things many thought were not possible in rural Africa. They are caring for the elderly, the orphans and the sick. They are coming together to action community projects for the good of their village. Addicts are breaking free and rebuilding their lives. Communities are uniting in new ways and families are being rebuilt. At the core of Dignity's work is a belief that God has placed his people across the world to carry his light in their communities. We believe that God will use those we work alongside, who many would overlook, to change lives. Therefore our role is not to tell others what to do, or even to do it for them. Rather it is to help others find and fulfil their God-given calling.
