

# 10x10

## The Dignity Challenge

The work of Dignity has grown again! There are now over 320 Life Groups supporting 6,400\* people and making a difference in their communities. This is amazing. Praise God!

But it also gives us a challenge. More Life Groups and more team members supporting them means we need to raise more money to keep it all going. This year we need to raise an additional £10,000 on top of what we're already doing. We're breaking it down into bite size chunks and together we can do it!

**If 100 people raise 10 "tenners" we will raise £10,000. Lets do it!**

**Whether it is £10, \$10 or K10, a tenner can go a long way. Here's what your 10 tenners could do...**

Help us travel to new areas and reach more villages with the love of Jesus...

...by finding people like Lawrence who can start a Life Group there

Buy the food when we gather lots of people together for a village training

Help us get Bibles to people who don't have one

Help us translate our materials into different languages so everyone can understand.

Support an Impact Team member like Precious as she works with Life Group leaders.

Pay the bus fare for her to visit, train and encourage people like Lawrence.

Or even buy a tent so she has somewhere to sleep when she's out and about.

Encourage and equip Impact Team members like Gervas, Margaret & Bernard at our training camps

Help us do all the background paperwork to make sure things keep ticking over
